

**CHICHESTER CHOIR KINDERGARTEN
GRADE 1**

Our youngest singers begin in this developmentally important preparatory group where the musical focus is on keeping a steady beat, finding their singing voice, and learning to match pitch. Chichester choristers sing at the beginning of the services.

**COVENTRY CHOIR
GRADES 2 – 3**

Vocal range expands as well as an understanding of how to use voice as a God-given instrument. Children in this choir are eager to participate more fully in worship, so they sit with the older choristers as a choir for the entire service.

**CANTERBURY CHOIR
GRADES 4 - 6**

More intensive vocal challenges and worship responsibilities are introduced at this level. These choristers are role models for younger choristers and numerous opportunities exist during rehearsals and services for developing leadership skills.

**CANTORUM/YOUTH CHOIR
GRADES 7 – 12**

At this level particular attention is given to the emerging voices of both boys and girls. Vocal coaching takes place in each rehearsal and the selected repertoire is both satisfying and challenging. Choristers are entrusted with a good deal of responsibility for the ongoing success of singing services.
